We are happy to invite you to an online webinar concerning practical application of the EU Regulation on Social Security within the CEE region.

During this webinar topics such as digitalization, telework and eligibility for social security benefits including cross-border pensions will be presented. Client representatives will also present their challenges within the mobility area that they are currently dealing with.

The topics will be also interactively discussed in a panel format comprised by the representative of the Czech Social Security authority, company representatives operating in the CEE region and representatives of KPMG GMS practices in the CR, Hungary, Poland and Romania.

The webinar will be held in English and is for free. Please register by 10 September 2024.
